

Diocese of Gary
Fingerprint Screening/Expanded Criminal Check Policy
Effective July 1, 2009

Purpose:

The Diocese of Gary Office of Catholic Schools has a vital interest in the safety and well-being of our employees and the public that we serve. The Diocese of Gary believes that hiring qualified individuals to fill positions contributes to the overall strategic success of our ministry. Background checks serve as an important part of the selection process at the Diocese of Gary. This type of information is collected as a means of promoting a safe work environment for current and future employees and students. Background checks also help obtain additional applicant related information that helps determine the applicant's overall employability, ensuring the protection of the current people, property, and information of the organization.

Application:

It is the Office of Catholic School's intent to continue to promote a safe and secure work environment, free of employees with felony convictions under IC 20-28-5-8. A policy of zero tolerance is observed. The Diocese of Gary conducts background checks inclusive of the electronic fingerprinting (Live Scan) process on job applicants applying for positions within any school.

Policy and Procedure:

All applicants and newly hired teachers will be responsible for a negative expanded pre-employment criminal history background check inclusive of the electronic fingerprinting (Live Scan) process in compliance with HEA 1462 prior to beginning a teaching position within the Diocese of Gary Catholic Schools.

The Diocese of Gary Office of Catholic Schools, in accordance with the Diocese of Gary Safe Environment Policy, conducts Indiana and national (according to policy) background checks on all clergy, staff, faculty, volunteers, substitutes, and teacher applicants. This is in addition to the Indiana Dept. of Education's implementation of a requirement for an expanded criminal history check on all applicants and new hires, certified and non-certified (teacher and lunch room aides, maintenance staff, etc.), for school employment, Indiana Code 20-26-5-10, effective

July 1, 2009. The definition of “expanded criminal history check” found at IC 20-26-2-1.5, includes a search of records from all Indiana counties in which the applicant resided, all counties in other states in which the applicant resided, and the national sex offender registry or the sex offender registries of all fifty (50) states; or a national criminal history background check and a search of the national sex offender registry or the sex offender registries of all fifty (50) states.

Applicants will assume the combined cost of the L-1 enrollment, fingerprint service, and the ISP/FBI background check, which is approximately \$43.00. Applicants will be required to obtain a background check once during a five-year period. During the five year validity period of the expanded criminal check, each school employer will annually check all employees against the public sex offender and violent offender registries at no cost to employees.

The Dept. of Education is working with the Indiana State Police (ISP) and its live-scan fingerprint vendor, L-1 Identity Solutions. L-1 Enrollment Services provide an electronic fingerprint processing service. Enrollment centers are being established throughout the state to capture applicants’ fingerprints and identifying information, submitting them electronically to the Indiana State Police (ISP) for processing. Special automation has been implemented as a part of this contract to speed the processing and result issuance process. These enhancements will provide the results to transactions in a matter of hours, instead of days and weeks.

Applicants for employment can register online through L-1 to schedule a fingerprint appointment at one of 63 fingerprinting locations around the state. There are 6 locations in the Northwest Region at this time.

Applicants can register online at www.l1enrollment.com or by calling the toll free number 1-877-472-6917.
